About Me

My name is Anicrypt Malachy. I am 26 years old and an experienced Web3 professional with a solid foundation in blockchain and cryptocurrency. Starting in the Web3 space with play-to-earn games, I quickly developed a passion for the industry. Over the years, I have earned certifications in blockchain, cryptocurrency and community management, building a strong knowledge base that complements my practical experience. Outside of my professional pursuits, I enjoy gaming games during my leisure time.
